

Once a well is drilled,  
it takes power and parts  
like a pump, tank,  
well cap, valves, pipes  
and adapters to bring  
the water from the  
bottom of the well  
into your house.

Fill out the form below and mail your colored picture to 1101 30<sup>th</sup> Street, NW, Suite 500, Washington, DC 20007. Entries must be received by March 31<sup>st</sup>.
